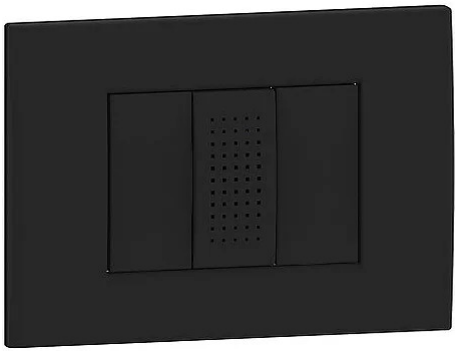
Phono Grigia

VE770300



1-module 230 Vac flush-mounted ringer with two sound types: siren-like tone for urgent alerts and bell-like tone for discreet notifications. Thanks to its compactness and grey colour, this electronic bell integrates discreetly into any environment, allowing installation without altering the aesthetics of the space.

General features

- For installation on 1-module flush-mounted boxes with 45 mm high
- Terminal block on the back of the device for connecting two external keys to activate either sound
- Slots for sound diffusion
- Acoustic buzzer 80 dB at 30 cm distance
- Supplied supports compatible with cover frames of the main switch and socket systems
