S 04

VJ70060000

General features

- To join conductors of various cross-sections
- All measurements can be combined with each other
- Self-extinguishing

Technical specifications

Functional characteristics	
Maximum operating voltage	500 V
Operating conditions	
Operating temperature range	-40 ÷ 90 °C
Physical features	
Color	Black Orange
Material	Base made of polyamide Brass terminal Hardened steel ring. Galvanized and bichromated Polyethylene cap
Overall dimensions	
Height (A)	20 mm
Width (B)	13 mm
Depth (C)	30 mm
Other dimensions	
Dimension - D	21 mm
Dimension - E	4 mm

Vemer S.p.A. declines all responsibility for the use of the products for purposes other than those for which they are intended, as indicated in the technical documentation. Vemer S.p.A. reserves the right to make, without prior notice, such changes as may, in its sole discretion, improve the technical and functional characteristics of the products and the related production logic. The technical characteristics and images of the products indicated are given for information only and are not binding in any way, since they may be modified without prior notice.
