VE495800

Chemical spray product for installation and maintenance of electromechanical, electrical and electronic equipment

General features

- Pressurized container. Protect from sunlight and do not expose to temperatures above 50 °C. Do not pierce or burn even after use
- Do not spray on flames or hot surfaces
- Keep away from any source of combustion. Do not smoke
- Keep out of the reach of children
- Do not inhale gases, fumes, vapours, or aerosols
- Avoid accumulation of electrostatic charges
- Use only in a well-ventilated area
- Professional zinc 98%.Cold galvanizing spray, fast-drying, for protection against oxidation and rust. The 98% zinc content ensures long-lasting, bright coverage. Dries quickly and does not powder. Treated surfaces can be painted.

Technical specifications

Physical features	
Color	Light brown
Content	• Methyl acetate • N-butyl acetate • Methanol • Reaction mass of ethylbenzene and m-xylene and p-xylene
Dimensions	
Size	400 ml
